NPIC/TSSG/RED/SDB-019-70  
2 April 1970

MEMORANDUM FOR: Special Assistant for Plans & Applications, RED/TSSG  
THROUGH : Deputy Chief, Research & Engineering Division, TSSG  
SUBJECT : Test and Evaluation Report, Advanced 918 Light Table

The subject report, although just printed, does not reflect the current status of the Advanced 918 Light Table built by [REDACTED] 25X1  
The table has been modified since this report was written and has been through operational testing; I see no advantage in releasing this report to EXRAND. The Test and Evaluation Branch, ESD, will be publishing another report on this Light Table, which will reflect the results of tests on the final configuration. This report would be of more use to EXRAND.
